

Can Liner Tape Measure

Excellent tool used to identify the gallon size of the cans in the industry!

Heritage Tape Measure – the right tool for the job

TAPE MEASURE INSTRUCTIONS

- Starting at the beginning of the tape, wrap the tape measure around the top of the waste receptacle just below the lip.
- Extend the rest of the tape measure down the side of the receptacle.
- The bottom of the receptacle will fall within markers on the tape measure that specify the size of the receptacle.
- Use the can liner guide or your Quickpick brochure to select the correct liner size needed.
