Let your packaging speak for itself

YOUR ONE STOP SHOP FOR QUALITY FLEXIBLE PACKAGING

FDA approved bin and case liners provide your products a cost effective solution for inter-company use or external shipment. All liners can be manufactured in a variety of colors, both tint and opaque, allowing for communicating product dispositions and varietal information visually. Our bin and case liners are custom made to a particular size and gauge specs, eliminating waste that is inherent in a "one size fits all" solution. Bags are available as perforated on a roll, or packed as singles.

Shields, a division of Novolex, can work with you to create the perfect bin or case liner for your specific requirements.

Quality / Exceptional Service / Competitive Pricing
All Products Proudly Made in the USA
